# Index of Subjects

Acetylcholinesterase, level in *Nippostrongylus brasiliensis*, xxi
Acquired resistance, to *Schistosoma mansoni*, 349
Amino acids, free, in *Diclidophora merlangi*, v
*Anisakis* sp., experimental transfer between fish hosts, xv
Anthelmintics, effect on isolated *Hymenolepis diminuta* mitochondria, xxi
effect of natural worm loss on estimate of efficiency of, 191, xxii
Antibodies, sequential production of, in cattle immunized with isolated *Theileria parva* antigen, 43
specific production of, in response to experimental infections with *Theileria parva*, 31
Anticoccidial drugs, effects on *Eimeria tenella* growing in chick embryos, 283
Antigenic threshold, in immunity of mice to intestinal tapeworms, 63
Antigenic variation, in *Trypanosoma brucei*, 271
Antigens, analysis of, in *Schistosoma mansoni*, xxiii
of host, incorporation by filarial worms, xxiv
specific to *Theileria parva*, 31, 43
release of, from *Schistosoma mansoni in vitro*, xxiii
Ascaris eggs, fluorescent probe studies of the vitelline membrane, vi
*Aspiculuris tetraptera*, effect of hydrocortisone on infections, xviii
intermittent egg release by, 207
site specificity in primary infections, 391
Autoradiography, of *Fasciola hepatica* slices *in vitro*, v

Bladder cancer, relationship with *Schistosoma haematobium* infections, viii
Biochemistry, glucose metabolism of *Haemonchus contortus in vitro*, 175
energy metabolism of *Diclidophora merlangi*, 201
*Brugia pahangi*, resistance of cats to reinfection with, xvii

*Capillaria obsignata*, immunity to, in the domestic fowl, xxvi
*Caryospora dendraphilis* sp.nov., from an Australian snake, 197
Carotenoids, in parasitized snails, ix
Cellular digestion, in Polystomatidae, ii
Cellular reactions, to *Oesophagostomum columbianum* in sheep gut, 403
Cercariae, of *Schistosoma mansoni*, stimulation by lipids, 455
Cestodes, effect of population density on infections, 149
population structure of, in marine fishes, xvi
ultrastructure of spermatozoa of, iii
Chemotherapy, screen for intracellular protozoa, xxii
Classification, of trypanosomes from African Anura, xi
Coccidia, *Caryospora dendraphilis* sp.nov., from an Australian snake, 197
Complement, level of, in guinea pigs infected with *Trypanosoma brucei*, xxv
Copepods, parasitic, host specificity of, xv
larval development and infectivity of, xiv
Corticosteroids, effect on experimental strongyloidiasis, xviii
effect on nematode infections of mice, xviii
Cortisone, effect on immunity of mice to *Hymenolepis citelli*, 63
Cross protection tests, with *Eimeria* spp. in domestic fowl, 1, 337, xviii
with *Eimeria* spp. in domestic sheep, 87
Crowding, effect on infections with *Diphyllobothrium dendriticum*, 149
of *Hymenolepis nana* in mice, 403
Cuticle, ultrastructure of, in pentastomids, iii
Cytology, of ovarian balls of *Moniliformis* and *Polymorphus*, 429

Development, arrested in *Haemonchus contortus* infections, vii
inhibited in *Ostertagia ostertagi*, infections, xiii, 161
of female *Schistosoma mansoni*, xiv
of tissue stages of *Eimeria acervulina*, xix
Diapause, in a nematode, *Ostertagia ostertagi*, 161
*Diclidophora merlangi*, free amino acids in, v
oxygen uptake by, 201
*Diplostomum spathaceum*, host specificity of, 11
natural and experimental infections with, 291
*Diphyllobothrium dendriticum*, effects of population density on infections with, 149
Drug resistance, in *Eimeria tenella* growing in chick embryos, 283
Drug treatment, effect of antimalarials on *in vitro* uptake of radioactive tracers by *Plasmodium berghei*, xxii
effect of levamisole on sheep infected with *Haemonchus contortus*, 191
effect of pyrimethamine on schizogony in *Plasmodium chabaudi*, x
reversion of paralysis of nematodes treated with levamisole, xxii

*Echinococcus granulosus*, mutants of, i
Egg release, intermittent, by *Aspiculuris tetraptera* in mice, 201
*Eimeria acervulina*, ultrastructure of tissue stages, xix
*Eimeria ovina*, comparison with *Eimeria weybridgensis* sp.nov., 87
*Eimeria praecox*, experimental infections in domestic fowl, 1
*Eimeria* sp., from Jungle Fowl, 337, xviii
mixed infections in sheep, xx
*Eimeria tenella*, use of infections in chick embryos for drug resistance studies, 283
*Eimeria weybrigensis* sp.nov., in the domestic sheep, 87, xix
Encystment and excystment, of *Gorgoderina vitelliloba*, viii
*Entobdella* spp., a comparison of glandular and excretory systems in, 257
Environment, inhibitory effect of, on development of *Ostertagia ostertagi*, 161
Enzymes, of energy metabolism of *Diclidophora merlangi*, 201
oxidative and phosphorylative, of larval trematodes, 137
Epidemiology, of nematode infections in horses, vi
Erythrocytes, nucleoside uptake by, effect of infection with *Plasmodium berghei*, 329
Establishment, of *Aspicularis tetraptera* in abnormal hosts, 391
Excretory systems, of oncomiracidia of *Entobdella* spp., 257
Experimental infections, of cattle with *Theileria parva* stabilate, 31
of chick embryos with *Eimeria tenella*, 283
of fish with *Anisakis* sp., xv
with *Diplostomum spathaceum*, 291

*Fasciola hepatica*, autoradiography of slices maintained *in vitro*, v
host susceptibility to, xvii, xxvi
ultrastructure of prostate gland of, iv
Fecundity, of *Hymenolepis nana* in mice, 403
Fermentation acids, anaerobic excretion of, by *Hymenolepis diminuta*, v
Fibrinolysis, in rabbits infected with *Trypanosoma brucei*, xxv
Filariasis, incorporation of host antigens by worms, xxiv
lymphocyte transformation in, xxiv
xero-radiography used to study pathology of, ix
Fish trematode, gut ultrastructure of *Calicotyle kröyeri*, iv
Fluorescent probe studies, of vitelline membrane of *Ascaris lumbricoides*, vi
Frequency distribution, of populations of *Lepeophtheirus pectoralis*, 373
Functional bursting, in larvae of *Philonema onchorhynchi*, 417

Gas–liquid chromatography, of $^{14}C$ products of glucose metabolism of *Haemonchus contortus in vitro*, 175
Genital structure, in the Hemiuroidea, v
Glandular systems, of oncomiracidia of *Entobdella* spp., 257

Glucose, consumption by *Litomosoides carinii*, v
metabolism of, by *Haemonchus contortus in vitro*, 175
Glycoproteins, in surface antigens of *Trypanosoma brucei*, 271
Growth, *in vitro*, of *Plasmodium chabaudi*, xii
of parasitic stages of *Nematospiroides dubius*, 97
*Gryon* sp., behaviour in an artificial Triatomid bug-infested wall, vi
Gut ultrastructure, of *Calicotyle kröyeri*, iv

Haemoglobin variant, effect on parasitaemia, xii
*Haemonchus contortus*, arrested development in field conditions, vii
immunity of sheep to, xx
*in vitro* glucose metabolism of, 175
natural worm loss, effect on anthelmintic trials, 191, xxii
Headflies, ecology and control of, in sheep, i
Hemiuroidea, genital structure of, v
Histochemistry, of oxidative and phosphorylative enzymes of larval trematodes, 137
Histokinette machine, for automatic faecal collection throughout successive periods, 201
*Histomonas meleagridis*, effect on turkey caecum, xix
Hookworms, penetration methods of, xiii
Host age, effect on rejection of tapeworms in mice, 77
Host–parasite relationship, adaptation to *Taenia crassiceps*, xxvii
effect of *Histomonas meleagridis* on turkey, xix
intermittent egg release by *Aspiculuris tetraptera*, in mice, 201
tumour–parasite relationship in rodent malarias, xi
Host specificity, of *Aspiculuris tetraptera*, 391
of *Diplostomum spathaceum*, 11
of *Eimeria praecox* variant, 1
of *Lepeophtheirus pectoralis*, xv
Host susceptibility, to *Fasciola hepatica* infections, xvii, xxvi
to reinfection with *Brugia pahangi*, xvii
Hydrostatic pressure, effect on functional bursting of *Philonema oncorhynchi*, 417
*Hymenolepis citelli*, immunity of mice to, 63, xvi
*Hymenolepis diminuta*, anaerobic metabolism of, v
delayed rejection of, in young mice, 77, xvii
effect of anthelmintic on mitochondrial oxygen uptake, xxi
*Hymenolepis nana*, population dynamics in mice, 403
*Hyostrongylus rubilus*, population studies in pigs, xxvi

Immunity, of mice to *Hymenolepis citelli*, 63, xvi
of rats to *Nippostrongylus brasiliensis*, xxi
of sheep to *Haemonchus contortus*, xx
of sheep to *Oesophagostomum columbianum*, 403
of the domestic fowl to *Capillaria obsignata*, xxv
to tapeworms in mice, effect of host age, 77, xxii
Immunodiagnosis, of onchocerciasis, xxiv
of trichinosis, xxiv
Immunoglobulin response, specific, in cattle immunized against *Theileria parva*, 31
specific, in cattle immunized with isolated antigen from *Theileria parva*, 43
Immunological variation, in *Eimeria* spp., 337
Infection, escalating, of *Trichostrongylus colubriformis* in lambs, 301
maternal sources of, with *Strongyloides ratti*, 445
prolonged daily, of *Trichostrongylus colubriformis* in lambs, 315
Infectivity, of *Mytilicola intestinalis*, xiv

Larval migration, of *Diplostomum spathaceum* in trout, 11
*Leishmania*, biochemical taxonomy of, ii
infection of cells with promastigotes of, xxv

*Lepeophtheirus pectoralis*, population dynamics, of 361, 373
Lethal antibody, to *Schistosoma mansoni* in the rat, 349
Life-cycle stages, growth and respiration of parasitic stages of *Nematospiroides dubius*, 97
intramolluscan larval stages, histochemistry of, 137
metacercariae of *Apatemon* spp., xv
of *Caryospora dendraphilis*, sp.nov., 197
of *Eimeria praecox* in the domestic fowl, 1
of murine malaria parasites, 225
oncomiracidia of *Entobdella* spp., glandular and excretory systems of, 257
schistosomula, large scale production of, xiv
Life-span of trematode cercariae, vii
Lipids, stimulation of *Schistosoma mansoni* cercariae by, 455
*Linognathus panamensis*, Ewing, 1927, redescription of, 107
*Litomosoides carinii*, glucose consumption by, v
Live weight gains, in lambs infected with *Trichostrongylus colubriformis*, 301, 315
Location specificity of *Diplostomum spathaceum* in trout, 11
Lymphocytes, transformation of, in filariasis, xxiv

Malaria, effect of infection on nucleoside uptake by erythrocytes, 329
murine parasites, a revision of the *Plasmodium berghei* group, 225
tumour–parasite relationship in mice, xi
Mebendazole, effect of age on encysted phase of *Trichinella spiralis*, 55
Mehlis' gland, fine structure of, in *Diplozoon paradoxum*, iv
Microfilariae, effect of mosquito armature on, x
Milk-borne infection, with *Strongyloides ratti*, 445
Mixed infection, with *Eimeria* spp. in sheep, xx
*Moniliformis dubius*, functional organization of the ovarian balls of, 429
Monogenea, fine structure of Mehlis' gland of, iv
gut ultrastructure of Polystomatidae, ii
Mosquito susceptibility, of microfilariae, x
Mutants, nutritional (?) of *Echinococcus granulosus*, i

Natural infections, with *Diplostomum spathaceum*, 291
Natural worm loss, effect on anthelmintic tests, 191
Nematodes, reversible paralysis *in vitro* by levamisole, xxii
*Nematospiroides dubius*, Baylis, 1926, growth and respiration of parasitic stages of, 97
New species, *Caryospora dendraphilis*, from an Australian snake, 197
*Eimeria weybridgensis*, from domestic sheep, 87, xix
*Nippostrongylus brasiliensis*, acetylcholinesterase levels in, xxi
growth in rat duodenum, xxi
immunity to, in neonatal rats, xxi
Nucleoside uptake, by erythrocytes infected with *Plasmodium berghei*, 329
Nutrition, effect of, on immunity of sheep to *Oesophagostomum columbianum*, 403

*Oesophagostomum columbianum*, immunity of sheep to, 403
Onchocerciasis, immunodiagnosis of, xxiv
Osmolarity, effect on functional bursting of larva of *Philonema onchorhynchi*, 417
*Ostertagia ostertagi*, inhibited development, 161, xiii

Parasitaemia, effect of mouse haemoglobins on, xii
Pathogenicity, of *Eimeria* spp., 337
Penetration, mechanism of, by larval hookworms, xiii
stimulation of, by lipids in *Schistosoma mansoni*, 455
Pentastomids, ultrastructure of cuticle of, iii
Phagocytosis, of promastigotes of *Leishmania mexicana mexicana*, xxv
of trypanosomes in mouse spleen, xxiv
*Philonema onchorhynchi*, functional bursting in, 417

*Plasmodium berghei*, a revision of the group, 225
effect of antimalarial compounds on the uptake of radioactive tracers *in vitro*, xxii
effect on uptake of nucleosides by infected erythrocytes, 329
*Plasmodium chabaudi*, growth *in vitro*, xii
ultrastructural studies of schizogony and the effect of pyrimethamine, x
*Polymorphus minutus*, functional organization of ovarian balls of, 429
Population, density, effect on infections with *Diphyllobothrium dendriticum*, 149
structure, of a marine fish cestode, xvi
studies, on *Diplostomum spathaceum*, 291
studies, on *Hymenolepis nana* in mice, 403
studies, on *Hyostrongylus rubilus* in pigs, xxvi
studies, on *Lepeophtheirus pectoralis*, 361, 373
studies, on parasitic protozoa of stickleback, xvi
Prostate gland, ultrastructure of, in *Fasciola hepatica*, iv
Protein synthesis, in host, effect of Trichostrongylosis, ii
Protozoa, intracellular, chemotherapeutic screen for, xxii
parasitic on stickleback, xvi

Rejection, of *Hymenolepis diminuta* in primary infections in mice, 77
Reproduction, asexual, of *Toxoplasma gondii*, xiii
cytology of ovarian balls of *Moniliformis* and *Polymorphus*, 429
Resistance, of lambs to *Trichostrongylus colubriformis*, 301, 315
Respiration, of parasitic stages of *Nematospiroides dubius*, 97

*Schistosoma haematobium*, relationship with bladder cancer, viii
*Schistosoma mansoni*, acquired immunity to, 349
antigenic analysis of, xxiii
effect of physiology of snail host, x
release of antigens *in vitro*, xxiii
reproductive biology of female, xiv
stimulation of cercariae by lipids, 455
*Schistosoma* spp., large scale production of schistosomula, xiv
Seasonal variation, in populations of *Lepeophtheirus pectoralis*, 361
Sheep, clinical symptoms of Trichostrongylosis in lactating ewes, viii
ecology and control of headflies of, i
Site specificity, of *Aspiculuris tetraptera* in primary infections, 391
Snails, parasitized, carotenoids in, ix
physiology of, when infected with *Schistosoma mansoni*, x
*Solenopotes* Enderlein, 1904, taxonomy of, 107
Spermatozoa, ultrastructure of, in cestodes, iii
Spontaneous cure, from *Schistosoma mansoni* infection in the rat, 349
Strongyloidiasis, effect of corticosteroids on, xviii
*Strongyloides ratti*, maternal sources of infection, 445
Surface antigens, composition of, in *Trypanosoma brucei*, 271

*Taenia crassiceps*, adaptation of hosts to, xxvii
response of mouse to uniform infections of, xxvii
Taxonomy, biochemical, of *Leishmania*, ii
of murine malaria parasites, 225
of *Solenopotes* Enderlein, 1904, 107
*Theileria parva*, specific immunoglobulin response in immunized cattle, 31, 43
Tissue distribution of trypanosomes in mice, xxv
Toxoplasma, asexual reproduction of, xiii
Trematodes, encystment and excystment of, viii
larval, histochemistry of oxidative and phophorylative enzymes of, 137
life-span of cercariae, vii
metacercariae of *Apatemon* spp., xv

Triatomid eggs, parasitization by *Gryon* sp., vi
Tricarboxylic acid cycle, in *Diclidophora merlangi*, 201
*Trichinella spiralis*, effect of mebendazole on encysted phase, 55
Trichinosis, immunodiagnosis of, xxiv
*Trichonema* spp., epidemiology of infections in the horse, vi
Trichostrongylosis, clinical symptoms in lactating ewes, viii
effect on host protein synthesis, ii
*Trichostrongylus colubriformis*, experimental infections in lambs, 301, 315
*Trichuris muris*, immunity to, xx
T-cell dependency of immunity to, xx
*Trypanosoma brucei*, composition of surface antigens, 271
complement levels in infected guinea pigs, xxv
fibrinolysis in infected rabbits, xxv
phagocytosis of, in mouse spleen, xxiv
Trypanosomes, distribution in mouse tissue, xxv
of African Anura, xi
of African birds, xii

Ultrastructure, of encysted *Trichinella spiralis* treated with mebendazole, 55

Xero-radiography, used to study filariasis in cats, ix
